DIVISION OF
OIL, GAS & MINING

26 February 1989

Dear Mr. Smith,

Ref: Water Data/Monitoring, Trail Canyon Reclamation Plan, Co-Op Mining Company, INA/015/021, and Bear Canyon Mine ACT/015/025, Folder #2, Emery County, Utah.

Attached are two copies of Tables 7.1-8 and 7.1-9 for the Bear Canyon Mine Plan. Please incorporate these into the latest submittal of the Bear Canyon Mine Plan. Table 7.2-7 was submitted with the 24 February 1989 Trail Canyon Mine response. These tables incorporate the information conveyed in the 13 February 1989 letter from UDOGM (John Whitehead) and attached memo from Tom Munson also of the Department. The tables are given in a tabular form which clearly shows when sampling is to occur for each sampling point and the parameters to be analyzed.

If there are any additional comments that require discussion or corrections please call me. Please advise me if NOV-88-20-1-1 has been closed. Thank you for your cooperation in this matter.

Sincerely,

Kimly C. Mangum, P.E.
